Erasmus University Rotterdam Masters

Programme overview

The IFMC team at THUAS will prepare you for a great career in a top financial and accounting institution or corporation. You'll gain a deep understanding of the hows and whys of finance: how money is managed and the process of acquiring funds. And why the optimum productivity and output of a country's resources depend on the efficient allocation and organisation of financial institutions and their assets.

Why study finance at IFMC

- ✓ Professional focus on finance and investments, internal reporting and control, sustainable business, strategic management, risk management, and more
- ✓ Outstanding atmosphere: A supportive and passionate team of lecturers, a strong sense of community among students and a personalised level of attention to individual progress
- ✓ Dynamic and innovative teaching approaches involving teamwork, consulting and real-life business scenarios
- ✓ Opportunity to study and work overseas
- ✓ Proven track record of graduates who work at top Financial, Accounting and Consulting institutions all over the world
- ✓ Direct entry to master's degree programmes in Accounting & Auditing, Control or Finance at Erasmus University Rotterdam.

Find a great job

On IFMC we'll get you ready for the job market. You'll get a complete grounding in finance and accounting – skills that will get your 'foot on the ladder' on graduation. Our vocational programme is packed with business case studies and hands-on assignments, that thoroughly prepare you for the two internships. Giving you the valuable experience needed to compete effectively in the job market.

Personal attention

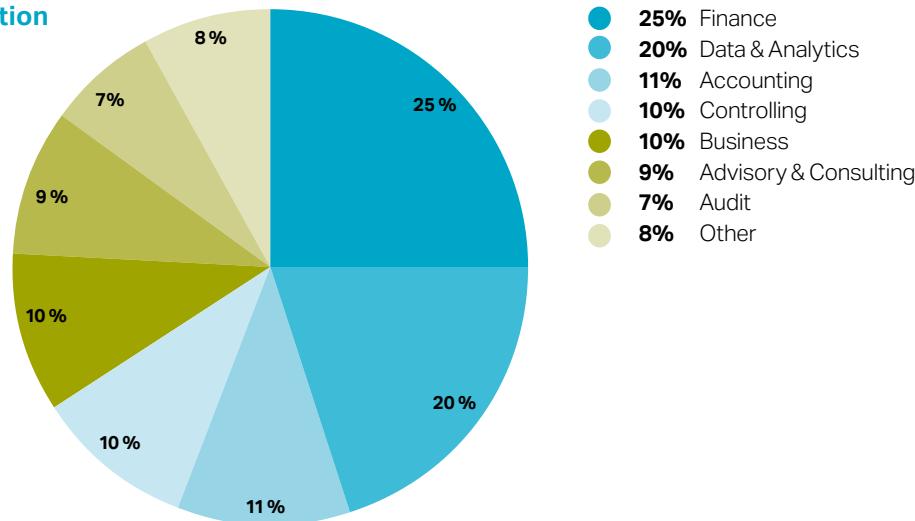

Not only will you become highly employable, but you'll also become a valued member of our IFMC community with the opportunity to make friends for life. You'll be on first-name terms with our supportive lecturers, who'll share their first-hand international business experiences. This will go hand in hand with personalised supervision from a mentor who will guide you during your studies.

The average annual salary in The Netherlands in 2024

Admission requirements

Dutch students

- ✓ For our four-year programme, you'll need a Dutch senior general secondary education (HAVO), pre-university education (VWO), or vocational education (MBO-4) diploma.
- ✓ For our three-year programme, you'll need a VWO diploma, a propaedeutic certificate from a Dutch research university, or a bachelor's degree.

International students

Our Enrolment Office will decide how your international diploma compares to a Dutch diploma. Find our international admission requirements and tuition fee information at www.thuas.com/study-choice/applications-finances-and-moving-here.
