Warm Welcome Week for early arrivals

Dear students,

Some of you might be planning to arrive in the Netherlands a little earlier than the start of the semester and the introduction activities organised by the degree programme you will join. We have planned several activities to allow you to meet some of the other students already and help you settle at the university while you wait for the introduction to your respective programmes.

You can join any of these activities upon arrival! There will be a sign-up list at the Innovation Playground (located in the Atrium of the THUAS main building in The Hague). **All activities are free of charge, you just need to sign up on the spot, show up and enjoy!**
