let's change
YOU. US. THE WORLD.

THE HAGUE
UNIVERSITY OF
APPLIED SCIENCES

Let's change! You. Us. The World. That's our message at The Hague University of Applied Sciences (THUAS). We want to empower you to change and improve the world you live in, but that can only happen if we work together to make a difference.

THUAS is a place where theory and practice meet - that's what makes us a university of applied sciences. During your time with us you'll be supported by our inspiring lecturers, fellow students and an extensive network from the professional world. When you finish your journey you'll be able to apply your knowledge and skills right away.

How we work

At THUAS, it's not just about study, we're here to help enrich your personal growth. We encourage our students, lecturers and partners to become world citizens - to think 'outside the box' and stand their ground.

During interactive classes, your lecturers will ask questions, set assignments and encourage debates and presentations to hone analytical skills that are critical in business.

The city

The Hague is the perfect place to study – and to chill when you're not. If you are looking for an all-round experience, there are great beachfront cafés behind the dunes, many parks, authentic international cuisine and a vibrant cultural scene. You'll find museums and activities for every taste, from Vermeer and Escher to Madurodam and Mauritshuis.

The Hague is the City of Peace and Justice and home to over 40 international organisations, such as the World Court, the International Criminal Court, the Lebanon Tribunal, Europol, chemical weapons watchdog the OPCW and over 120 NGOs. It's a small, welcoming city with a big international heart.

There are two types of universities in Dutch higher education: universities of applied sciences and traditional research universities. As a university of applied sciences, The Hague University of Applied Sciences (THUAS) focuses on professional training and career preparation.

THUAS IN NUMBERS

45
Bachelor's Programmes

9
Master's Programmes

All our programmes are accredited by The Accreditation Organisation of the Netherlands and Flanders (NVAO).

General entry requirements

Bachelor's programmes

Students require the equivalent of a Dutch system HAVO or VWO diploma to apply for a bachelor's programme. The assessment of the eligibility of our prospective students holding a non-Dutch diploma are based on the diploma recognitions of the Nuffic www.nuffic.nl.

EU/EEA candidates who do not have a relevant international qualification might still qualify for our four-years bachelor's programmes by taking the 21+ Admission Test

www.thehagueuniversity.com/21plus.

Master's programmes

Entry requirements for master's programmes vary according to the course,

but applicants must be aged 22 or older and require a minimum of two years of relevant work experience.

Other courses

The Hague Summer School is open to anyone who has completed a first year bachelor's degree or already has a bachelor's degree. You should have a good working knowledge of the English language (level B2 or higher) and last but not least: your motivation is an important part of the selection procedure.

More information on study programmes and the application process can be found at www.thehagueuniversity.com/enrolment

OUR BACHELOR'S PROGRAMMES

FACULTY OF BUSINESS, FINANCE & MARKETING

International Business

This programme gives students a solid grounding in economics, marketing, sales, finance and management skills.

International Financial Management and Control

Study business economics with a view to becoming a financial controller, project manager or risk manager.

FACULTY OF HEALTH, NUTRITION & SPORT

OTHER PROGRAMMES

The Hague Pathway College

Located right on the The Hague University of Applied Sciences (THUAS) campus, The Hague Pathway College offers academic pathways in partnership with THUAS, which lead to globally recognised undergraduate degrees.

The Hague Summer School

2 or 4 week programme: looking at solving the world's 'big' issues like poverty, pollution, environmental and economic crises through connecting the public and private sectors.

English Academic Preparation School (Prep School)

You can improve your English language and study skills to meet the entrance requirements for the international classroom on the English Academic Preparation Programme beforehand.

Find out more at www.thehagueuniversity.com/programmes/other-courses

Tuition fees and scholarships

EU/EEA and non-EU/EEA students are expected to pay tuition fees for bachelors and masters programmes, but there are many loans, grants and scholarships available to help you finance your studies. Check if any scholarships are available in your home country. Your local Dutch embassy and present college or university should be able to help. It's also worth checking to see if you are eligible for the Holland Scholarship. EU/EEA bachelors students pay €2,209 per year and most non-EU/EEA pay €8,634. Tuition fees vary between €19,700* and €21,999* for a masters*.

Please visit www.thehagueuniversity.nl/tuitionfees to check our current tuition fees.

The Hague Summer School offers a one-off fee which covers all of your main costs including tuition, accommodation, lunches and coffee breaks on class days, study materials and in-programme cultural visits and social activities.

The 4-week course costs, €3.045 (shared room)/€3.175 (single room). The 2-week course costs, €1.795 (shared room)/€1.895 (single room) Students from THUAS partner universities and alumni get a €100 discount on the tuition fee.

* Please visit www.thehagueuniversity.com/tuitionfees to check our current tuition fees. Tuition fees are set annually.
